

## IMED 612 Geriatric Medicine

### **Elective Description**

This elective is designed to provide additional training in the principles of aging, approach to the older patient, and systems of care, along with syndromes, psychiatric considerations, and diseases and disorders of the geriatric patient.

Credit: 2-4 semester credits

Prerequisite: IMED 500

### **Entrustable Professional Activities**

As a fourth-year student, the focus of skills development are those tasks important for entering residency training:

- Gather a history and perform a physical exam
- Prioritize a differential diagnosis following a clinical encounter
- Recommend and interpret common diagnostic and screening tests
- Enter and discuss orders and prescriptions
- Document a clinical encounter in the patient record
- Provide an oral presentation of a clinical encounter
- Form clinical questions and retrieve evidence to advance patient care
- Give or receive a patient handover to transition care responsibility
- Collaborate as a member of an inter-professional team
- Recognize a patient requiring urgent or emergent care and initiate evaluation and management
- Obtain informed consent for tests and/or procedures
- Perform general procedures of a physician
- Identify systems failures and contribute to a culture of safety and improvement

### **General Clerkship Objectives**

#### Medical Knowledge

- Engage in the independent reading assignments, journal article presentations, and patient care conferences as directed by the preceptor.

#### Patient Care

- Become familiar and comfortable performing patient interviews and physical examinations of the geriatric patient both in the office setting and in the residential care facilities.

#### Professionalism

- Exemplify professionalism attributes at all times. This includes interpersonal communications and interactions with preceptors, office staff, nursing and support staff and patients and their extended families.

### Interpersonal and Communication Skills

- Become comfortable interacting with the geriatric patient through direct contact and will receive formative feedback from both the preceptor and other health care professionals in the office and extended care facilities.

### Practice-Based Learning and Improvement

- Articulate and utilize best practice habits and will where possible utilize evidence-based medicine into their understanding of geriatric practice.

Geriatrics/Aging - <https://www.nejm.org/aging-geriatrics>

## **Evaluation**

The evaluation will include the entrustable professional activities. The clerkship preceptor will evaluate those relevant to this clerkship experience.

## **GRADES**

This elective is graded Satisfactory/Unsatisfactory.

## **POLICIES**

### **ACADEMIC DISHONESTY**

The University holds its students to the highest standards of intellectual integrity. Therefore, the attempt of any student to pass any examination by improper means, present work which the student has not performed or aid and abet a student in any dishonest act may result in disciplinary action including immediate dismissal. Any student witnessing or observing a perceived violation of academic dishonesty is required to report it as outlined in the Guidelines. Students failing to report an observed violation may also receive disciplinary action.

### **ATTENDANCE POLICIES**

Attendance of lectures and laboratories is based on the University's stated attendance policy. Refer to the Student handbook for more information.

### **CONDUCT**

The University expects all students to be responsible individuals who possess the highest standards of integrity, honesty and personal conduct. These traits are prerequisites to independent learning, professional development, the successful performance of academic and clinical assignments, and the conduct of one's personal life. Accordingly, students are expected to adhere to a standard of behavior consistent with the University's high standards at all times off and on campus. Compliance with institutional rules and regulations, in addition to city, state and federal laws, is expected.

### **COPYRIGHT POLICY**

Trinity Medical Sciences University must respect and observe the right and privileges of copyright holders, obey the United States Copyright Act and preserve the integrity of its internal network systems. All students must sign the technology and software use policy. A copy of this policy may be obtained from the Information and Technology Department.

### **DRESS CODE**

All students are expected to maintain the highest standards of professional appearance at all times. During years one and two and while on campus. Medical students are required to wear scrubs or white

coats with appropriate dress. Appropriate dress for clinical students includes business slacks with open-collar shirt for men, and business slacks or skirt with professional shirt or sweater for women.
